Vinora is your digital sommelier, powered by intelligent AI to make the world of wine accessible, understandable, and personal. Whether you're a curious first-time sipper or a seasoned wine explorer, Vinora helps you discover, enjoy, and connect with wine in a whole new way.

- **Scan Any Wine Label**
  Just snap a photo of a label, and Vinora's AI extracts detailed insights—from tasting notes in plain language to origin stories and vineyard background—so you can make informed choices on the spot. vinorawine.com+1

- **Food Pairings Made Easy**
  Get smart, tailored food pairing suggestions instantly—Vinora takes the guesswork out of matching your bottle to your meal. vinorawine.com+1

- **Personalized Wine Recommendations**
  As you rate and review wines, save favorites, or build your "digital cellar," Vinora learns your taste profile to deliver custom wine suggestions—based on what you love, not what's trending. vinorawine.com+1

- **Your Digital Wine Cellar**
  Organize and manage your favorites in one place. Track your wines, note your experiences, remember those unforgettable vintages—all in a sleek, intuitive interface. vinorawine.com+1

- **Seamless & Elegant Experience**
  Designed for both iOS and Android, Vinora offers a smooth, elegant app experience—designed to feel less like tech and more like a helpful companion. vinorawine.com+1

- **Community at Heart**
  Vinora isn't just an app—it's a wine-loving community. Share tasting notes, reviews, and bottle photos, follow other users, and let Vinora connect you with fellow enthusiasts around the globe
